Hunter Education Camp

Turning Today's Youth into Tomorrow's Responsible Hunter

Congratulations, you have chosen to send your child to a “hands-on” hunter education camp for kids. Throughout the three-day camp, your child will learn important skills needed to become a responsible and successful hunter. Our staff is made up of local sportsmen and sportswomen, Division of Wildlife professionals and certified Ohio Hunter Education instructors.

During the three-day camp each participant, under full supervision, will shoot .22 rifles, shotguns, muzzleloaders and archery equipment. They will also learn much needed wilderness survival skills, first aid, watercraft safety and most important Hunter Ethics. This is a sleepover event for the youth and participants will be accommodated with tents provided by the camp. The participants will be grouped by gender and age for sleeping. There will be several adults from our staff who will also be camping overnight. Use or possession of tobacco products on the premises is not permitted.

Please note this is for youth who have not already successfully completed a hunter education course. There is no charge to participants. Upon successful completion of the course (pass test with score of 80% or better) participants will be issued an official certification card necessary for all first time license purchases.

Attached you will find:

- Registration form (to secure your reservation, return immediately)
- List of items participants will need for this three-day camp
- Directions to camp site
- Class schedule

Each participant will need to arrive on Friday at 5:30 p.m. Check-in, cabin assignments and additional instructions will be provided at that time. The Camp Heritage facility is located at 600 Robinette Ridge Road, New Marshfield, Ohio.
